The fatalities reported in this document are being referred to as intimate partner violence related fatalities (*both homicides and suicides by the person who committed the homicide*) based on the news accounts or other available reliable information.

Not all fatalities will be reported by public reports as domestic violence/intimate partner violence related, especially in cases of homicide/suicide where there was no prosecution or extended investigation but we may include so deaths in the report based on information we have from public reports, community reports, and other data available to us.

This report does not encompass all intimate partner violence related fatalities that take place in the state as it is primarily compiled from public reports and not all such fatalities are reported publicly or identified as domestic violence fatalities – it is our best estimation of fatalities based on the information available to the Idaho Coalition.

She said that Mueller got angry and physically aggressive with her about once a month. Mueller was charged again two weeks later, this time with violating a no-contact order against Skeahan.
